

# Collection for the Diocese of Dallas Priests' Retirement Plan November 7 - 8

- Many people remember with fondness the priest who baptized them, gave them First Communion, celebrated their marriage, visited them at home or in the hospital. These memories often involve the current retired priests of our diocese.
- The Priests' Retirement Plan was adversely affected by the economic downturn. In the coming years, the plan will need more than one million dollars to bring it to appropriate funding levels.

- This collection is solely for the retired priests of the Diocese of Dallas. The retired priests of the diocese receive no funds from the Retirement Fund for Religious collection taken up in December. Those funds go to aid religious nuns and brothers and religious order priests.
- The Diocese of Dallas is committed to caring for our retired priests, but we need your assistance and the generosity of every parish community.

**Please give generously  
to this collection**
